DISCOVER

YOUR

MINECRAFT®

15
YEARS

FUN FACT

The first version of Minecraft® (Classic 0.0.2a) was released to the public in May 2009.

CRAFT YOUR ADVENTURE

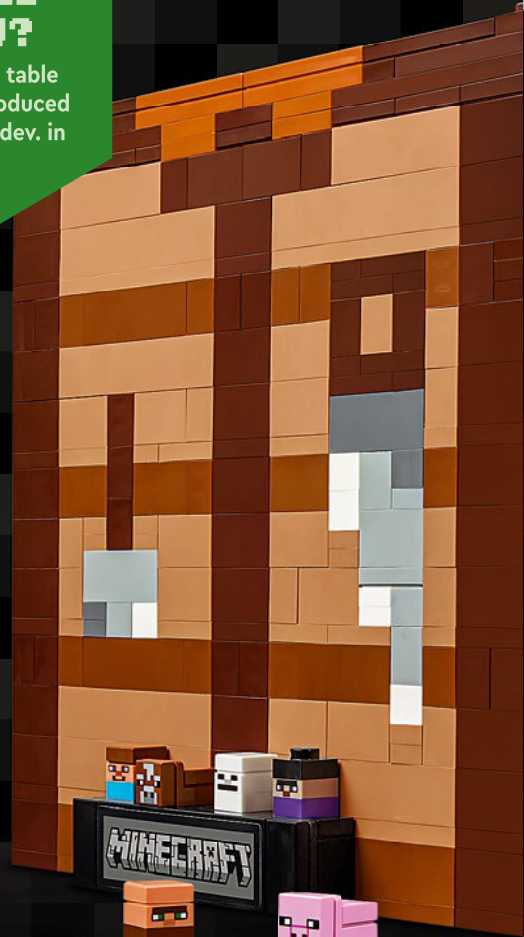

In 2009, the world of Minecraft® welcomed its first players to a pixelated play world fuelled by creativity and community. Like a creeper, it burst onto the gaming scene unexpectedly and allowed players to mine for ores, build, explore and embark on epic quests in the ultimate sandbox adventure. As a new player, all you needed to get started was a digital pickaxe and a little imagination.

DID YOU KNOW?

The crafting table
was first introduced
in version in-dev. in
2010.

LEGO® MINECRAFT® HANDS-ON PLAY

Conceived on the LEGO® CUUSOO® fan builder forum (the precursor to LEGO Ideas), the first LEGO Minecraft® set was released in 2012. Built by and for fans of LEGO bricks and Minecraft, it became an instant bestseller. In collaboration with game developers Mojang Studios, more than one hundred LEGO Minecraft-themed sets have followed since, and many block and brick-related adventures are sure to follow in the future!

21102 LEGO® Minecraft®
Micro World - The Forest, from 2012

DETAILED MINECRAFT® WORLDS

"As we celebrate the first 15 years of Minecraft® play, we also pay tribute to our first official LEGO® Minecraft set. We had a lot of fun exploring a variety of concepts for this model. The crafting table is one of the most iconic utility blocks in the game and, inspired by the Micro World – The Forest set, we have packed it full of familiar game details. The result is an intricate and versatile combination of beloved characters, structures and more biomes than in any previous LEGO Minecraft set."

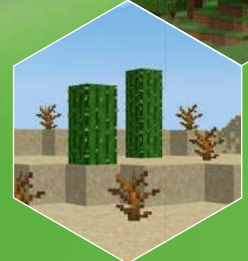

– Isaac Snyder, LEGO® Minecraft® Model Designer

FUN FACT

The LEGO® version of the crafting table includes references to 12 Minecraft® biomes.

DISCOVER YOUR MINECRAFT®

The micro-sections are designed to allow rearranging in many combinations within the cube frame, but they also work as individual displays with plenty of details to discover on every side. A map hidden in the base gives you a preview of how this microworld develops as you build. You can find blocks of every overworld ore along the way, and you may even recognise the shulker box element repurposed as the Swamp Hut. Enjoy building!

15 YEARS OF MINECRAFT®

FUN FACT

The creeper was originally an incorrectly modelled pig.

2009-2011

The crafting table, first characters and mobs are introduced with Steve, zombies, skeletons, creepers, Endermen, pigs, sheep and cows.

2011

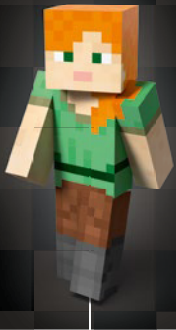

We meet the first villagers in the official full release of Minecraft®.

2012

Mobs like bats, zombie villagers, wither skeletons, the Wither and witches in swamp huts made their debut in the *Pretty Scary Update*.

2013

The birch forest and ten other new biomes were introduced in the game, along with new fish and flowers.

2014

Alex is introduced in the *Bountiful Update* as the first model to use 'narrow arms'.

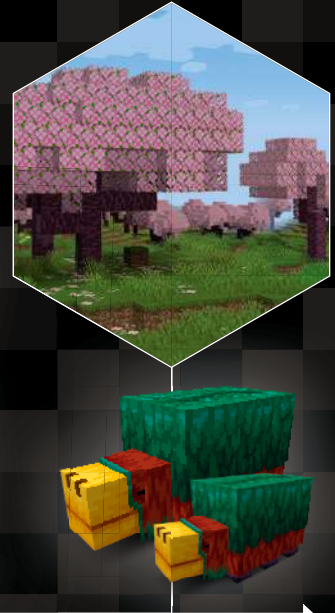

2021

The *Caves and Cliffs* update included new biomes like lush and dripstone caves, amethyst geodes and copper, plus new mobs like axolotls, glow squids and goats.

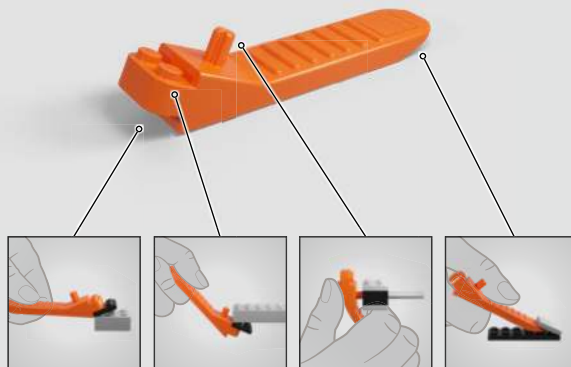

2022

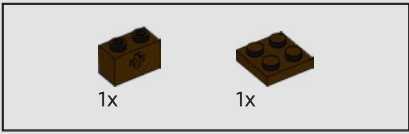

The *Wild Update* took us into the deep dark and mangrove swamp biomes, and introduced new mobs like allays, frogs, tadpoles and wardens.

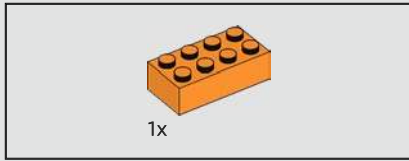

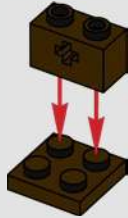

2023

A peaceful new cherry grove biome with bamboo wood, new mobs like camels and the fan-favourite sniffers were introduced in the *Trails & Tales Update*.
