EN - MAIN REQUIREMENTS
Before setting TRACY TAG up, please check that you have the following requirements:
• Apple device (iPhone® 6S and up, iPad®, iPod touch® or Mac®) with iOS 14.5, iPadOS 14.5 or later versions and two-factor authentication activated.
• Find My function turned on
• Bluetooth® turned on
• Good mobile or Wi-Fi connection
• Tracking services on
• Turn on tracking for the Find My app. To do this, just go to Settings > Privacy > Tracking > scroll down and press "Find My".
Select "While using the app". Then turn on "Exact position".
DESCRIPTION OF BUTTON AND SOUNDS (01)
Power On
Press the side TRACY TAG button until you hear a long beep
Power Off
Press the side TRACY TAG button for 5 seconds until you hear two beeps
Reset
Press the side button 5 times, then keep it pressed until you hear a long beep (remove TRACY TAG from the "Find My" app before resetting it).
TURNING ON TRACY TAG
1. Turn on the device
2. Open the "Find My" app
3. Place TRACY TAG near your turned-on device and press the side button (long beep)
4. Keep TRACY TAG near the iPhone, iPad or iPod Touch. Press "+" and then "Add another object". Wait until TRACY TAG is displayed on the device. Then press "Connect".
5. If you have several object-finders, make sure that just one finder is near the device
6. Choose the name for the object and choose an emoji.
7. Press "I agree" to allow a connection between the device and your Apple ID
8. Press "End". You can now link TRACY TAG to the object you want to track and you can display the object on the Find My app.
TURNING ON "LOST" MODE
1. Open the "Find My" app and press the object icon. Then press "Enable " below "Lost Mode"
2. Press "Continue" and add your telephone number or e-mail address so you can be contacted if someone else finds the lost object

BATTERY (02)
TRACY TAG contains a button battery. You might need to replace the battery during the product's life-cycle. Only replace it with the same type of battery (CR2032) and with the same power, following the correct polarity.
You can monitor the battery level on the Find My app. When the battery is running low, the Find My app will send a notification.
Replacing the battery
1. Open the battery compartment by turning the back cover as the arrows on the product show.
2. Remove the battery.
3. Insert a CR2032 battery into the device with the positive side (+) facing upwards.
4. Connect the top and bottom covers by turning and pressing firmly.
SAFETY AND WARNINGS
TRACY TAG is designed to avoid any unwanted tracking.
If someone else's TRACY TAG is seen moving with you over time, you will receive a notification in one of the two following ways:
1. If you have an iPhone, iPad or iPod Touch, the Find My app will send a notification to your Apple device. This function is available on iOS or iPad iOS 14.5 or subsequent versions.
2. If you do not have an iOS device, TRACY TAG will make a repeated sound over time.
These functions have been specifically created to deter people from trying to track you without your knowledge.
